

- This page is the home page.
- The left navigation bar will be on every single page
- The content of the home page will be the most popular modules of all the sub categories we have

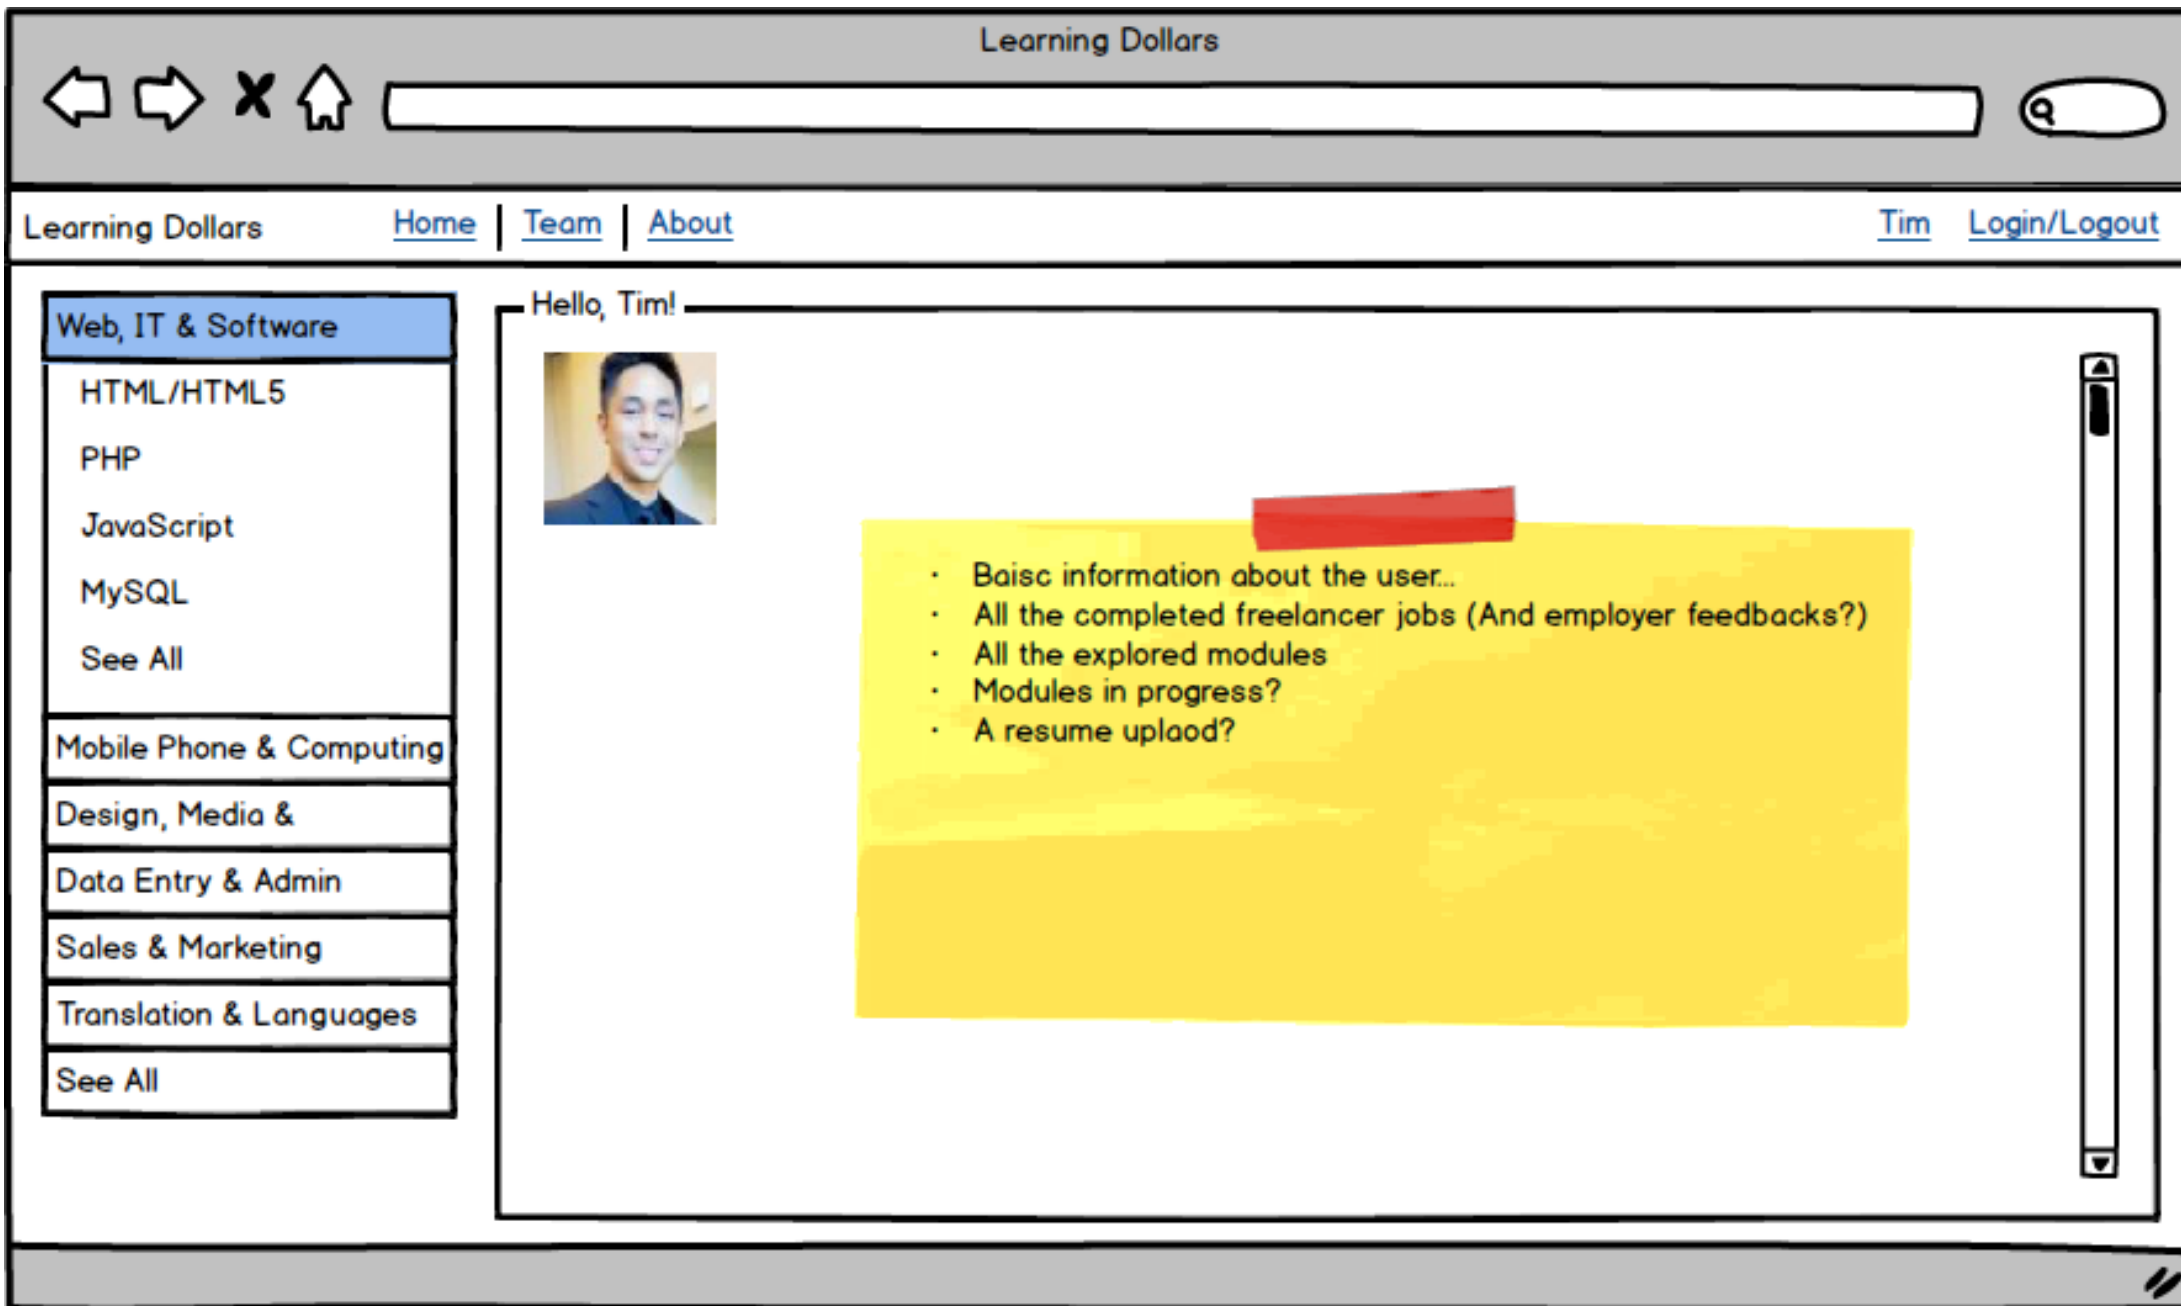

## Home Page/Popular Modules Page

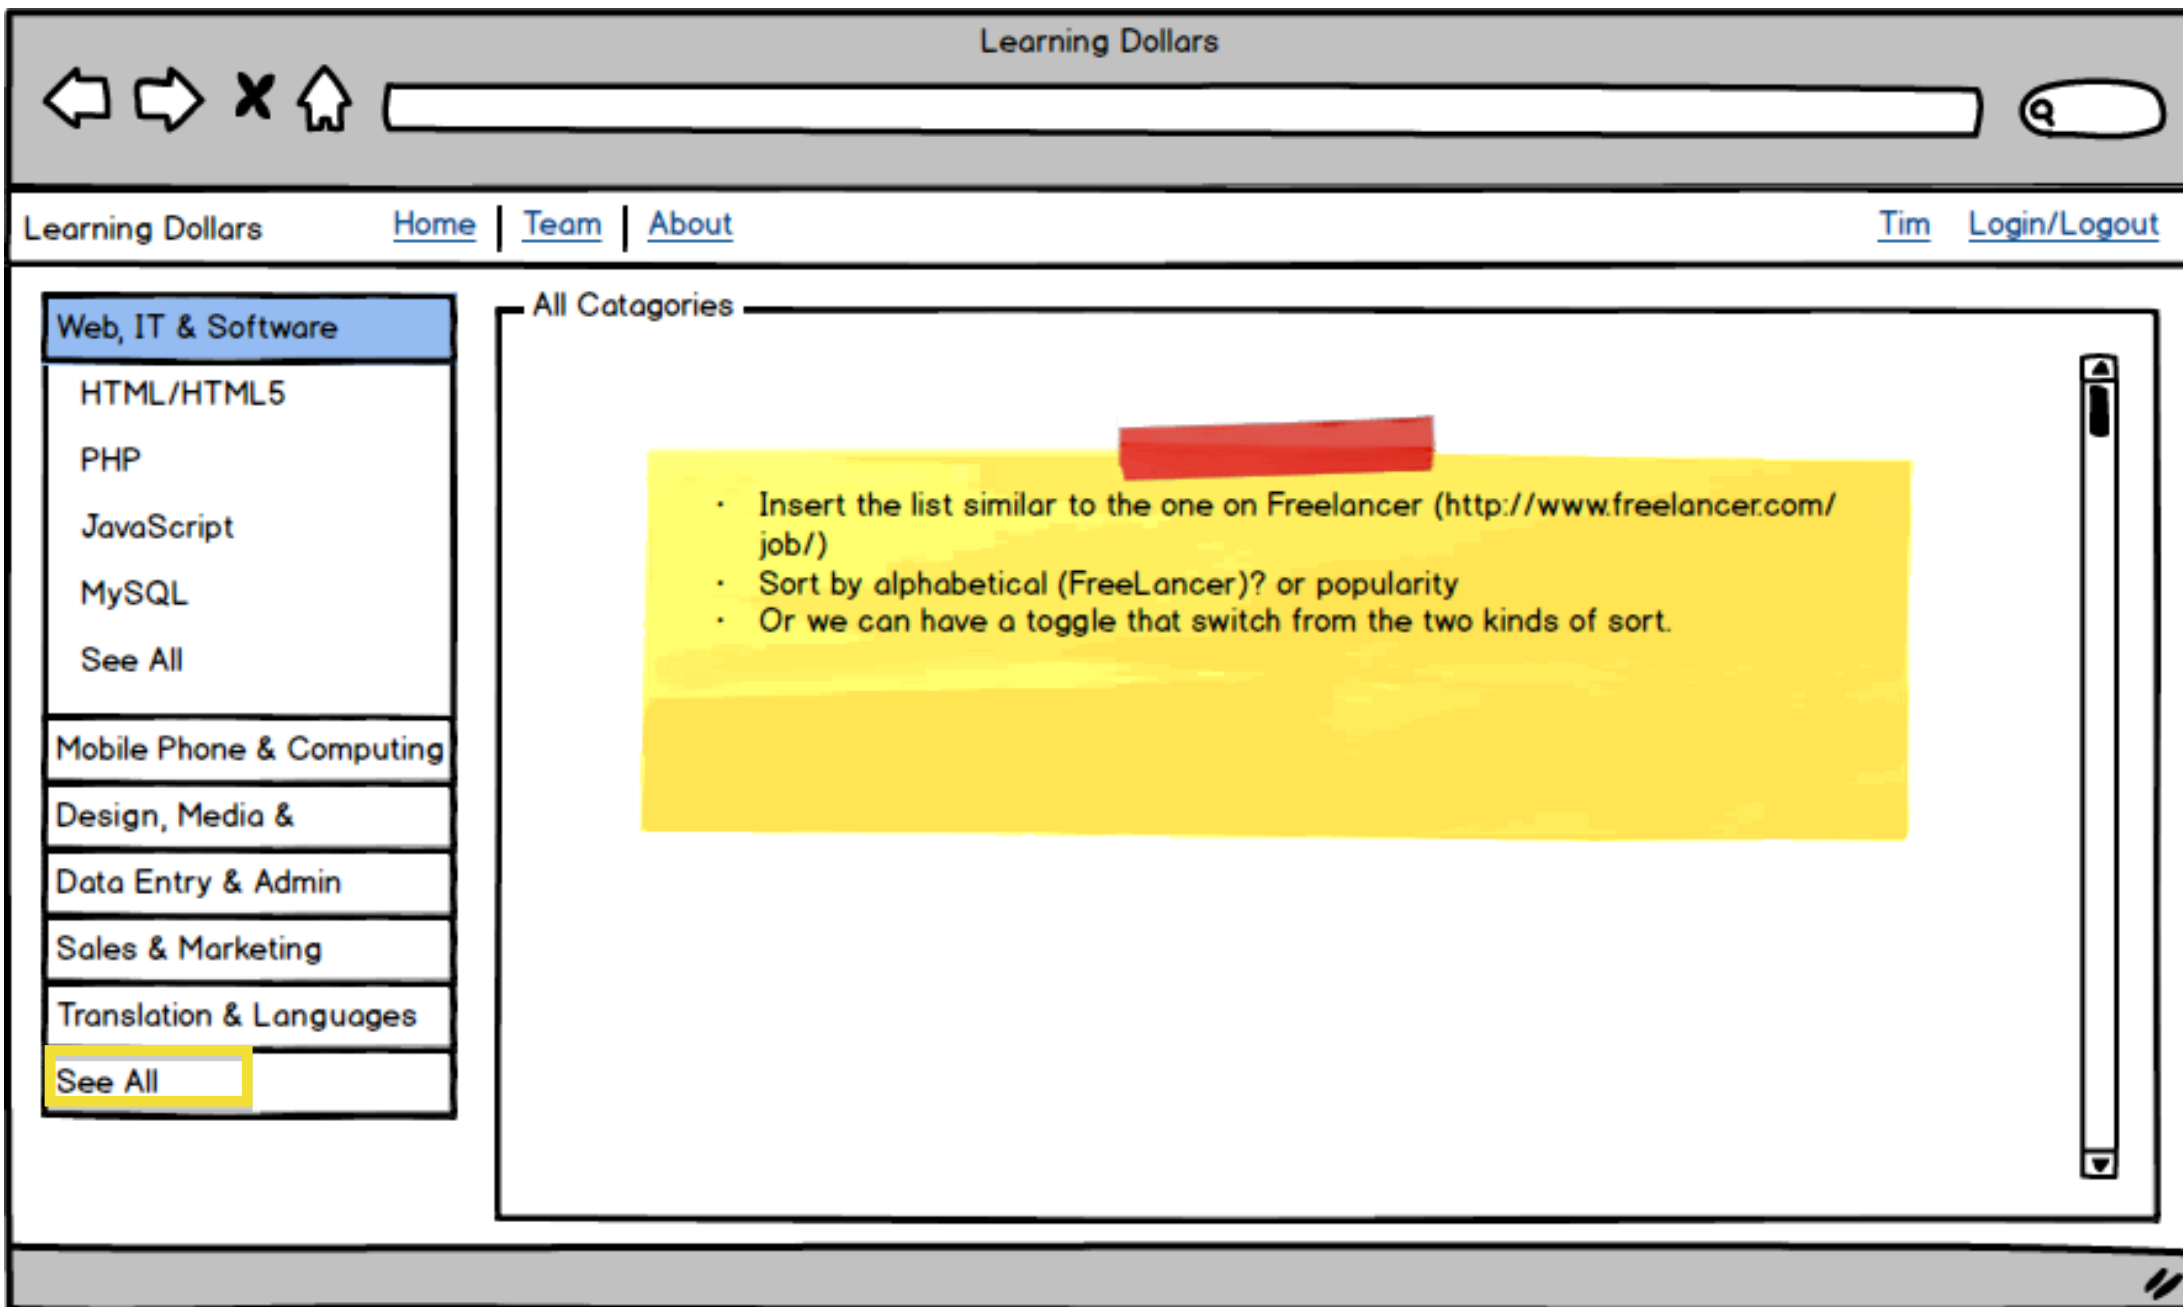

Team Page

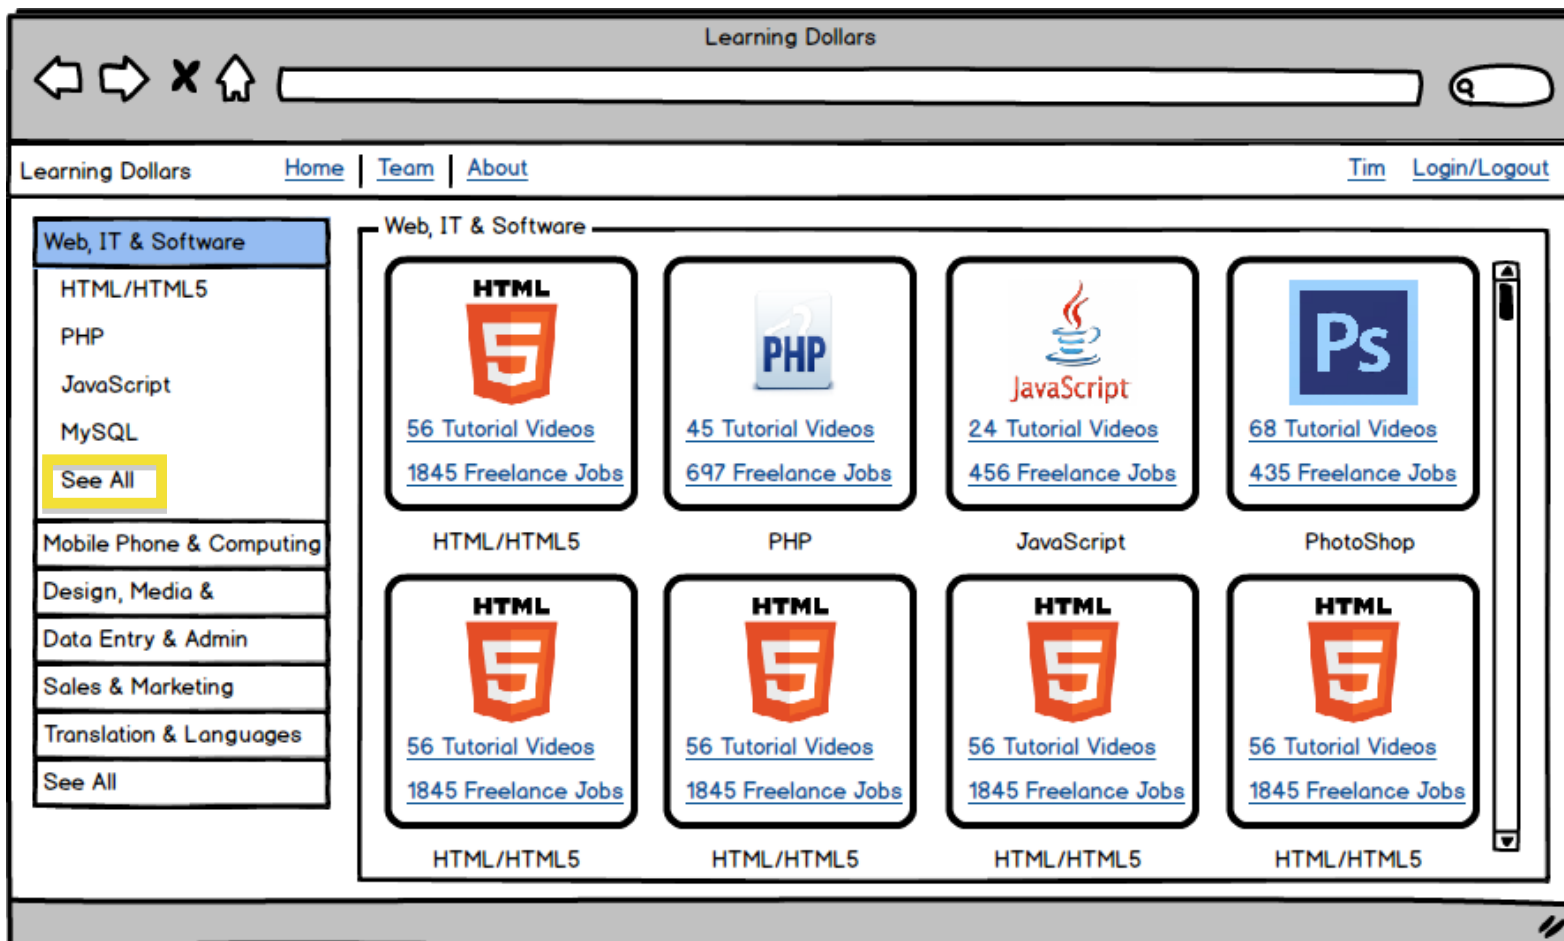

## About Page

User Page

See All Page for Main catagories

- Subcategories are display the same way as the popular modules display.
- Sort by alphabetical order or popularity?
- Same toggle idea applies

See all page for sub categories
